# EL FALCON

## SAINT LUCIA DISCOVERY

Christopher Columbus may have sighted the island during his fourth voyage in 1502, since he made landfall on Martinique, yet he does not mention the island in his log.

Juan de la Cosa noted the island on his map of 1500, calling it El Falcon, and another island to the south Las Agujas.

The French were the first Europeans to settle on the island. They signed a treaty with the native Island Caribs in 1660. England took control of the island from 1663 to 1667.
