A NEW ERA FOR CITIZENSHIP IN ST. KITTS AND NEVIS

Dear Future Citizen,

It gives me great pleasure to introduce you to the Sustainable Growth Fund (SGF)

St. Kitts and Nevis' newest investment channel for the world's 'Platinum Standard' Citizenship by Investment Programme, the SGF is your opportunity to achieve a secure and efficient path to citizenship of this twin-island paradise in the Caribbean.

As the first government to offer economic citizenship in the world, the St. Kitts and Nevis Citizenship by Investment Programme is a feat of longevity and enduring innovation. It has impacted on the nation, and indeed citizens around the world, in an immeasurably positive way. As the Programme enters a new era, the nation offers you a bright future and sophisticated plan for continued prosperity.

The Sustainable Growth Fund allows future citizens to be part of the St. Kitts and Nevis success story. This investment channel enables both you, and your newly adopted nation, to thrive.

The SGF will channel resources to priority areas like education, health, climate change and resilience, infrastructure, tourism and culture, and the promotion of indigenous entrepreneurship - to the benefit of all citizens, including you.

Just as your investment will enable the St. Kitts and Nevis Government to create a lasting impact for all its citizens and residents, so too will your future expand in opportunities to live free, mobile and more secure life.

Yours sincerely,

DR. The Honorable Timothy Harris
Prime Minister
St. Kitts and Nevis
