ABOUT

GRENADA

THE ISLE OF SPICE

Grenada offers culture, fun, and friendliness typical of the authentic Caribbean life – making Grenada the perfect place in which to live, work and play.

Grenada, known as the 'Isle of Spice,' is one of the most magnificent islands in the West Indies. Unspoilt and exotic, it astounds visitors with its wildly jagged mountain peaks, hidden coves, spice plantations, and lush verdant rainforests. Its beaches are idyllic, with white or golden sand, palm trees, and the delicate aroma of the island's native spices.

In addition to its scenery, Grenada offers culture, fun, and friendliness typical of the authentic Caribbean life – making Grenada the perfect place in which to live, work and play.

Grenada is composed of three key islands: Grenada and its sister islands Carriacou and Petite Martinique. Each is beautiful and rich in culture, historic sites, fresh culinary delights, and much more. Carriacou is only a 90-minute boat ride from St. George's, the nation's capital city.

Grenada's proximity to the Equator ensures a year-round tropical climate, with average temperatures ranging between 23 and 28 °C. Its cooling trade winds offer very comfortable conditions.

The coast of Grenada is a haven for sea horses, turtles, sharks and rays due to the warm waters and healthy systems of coral reefs and sponges. Divers and underwater photographers have the opportunity to see many species of fish and sea creatures in the waters of the islands.

HISTORY

Grenada was traditionally inhabited by Carib Indians who migrated from the South American mainland. The island was originally known as Camerhougue, but Christopher Columbus renamed it 'Concepción Island' when he visited it in 1498. Successive Spanish sailors found it to be so evocative of Andalucía's green mountain scenery that they named it after the city of Granada.

Grenada was a French and British colony, but gained independence from the United Kingdom on February 7, 1974.

Grenada's population is highly educated and has a very high literacy rate. Large-scale tourism is a recent phenomenon, and Grenada is largely undiscovered, unspoilt and full of opportunity.

EDUCATION

Grenada is well known for education. St George's University hosts 6,000 students from over 140 countries, offers faculties of Medicine and Veterinary Science, and has been operating for thirty-five years.

DO YOU KNOW?

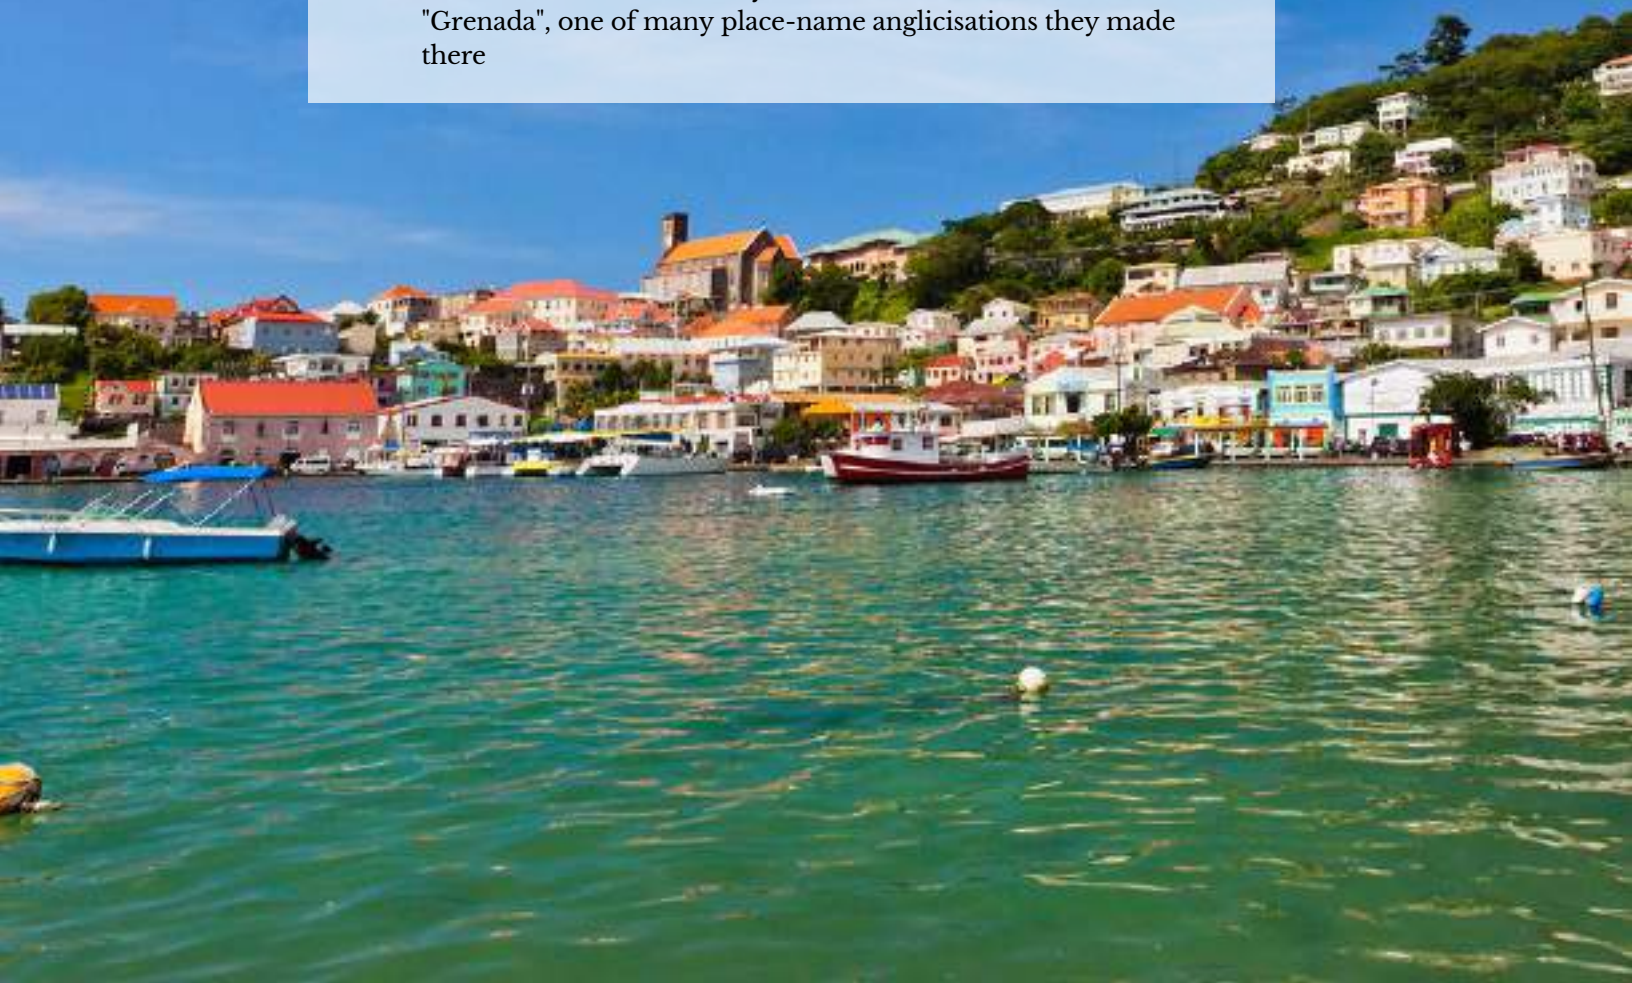

ORIGINS OF 'GRENADA'

The Origins of the name 'Grenada' may likely came from Spanish sailors who named after the island for the Andalusian city of Granada.

On his third voyage to the region in 1498, Christopher Columbus sighted Grenada and named it "La Concepción" in honour of the Virgin Mary.

The French maintained the name ("La Grenade" in French) after settlement and colonisation in 1649.

On 10 February 1763, the island of La Grenade was ceded to the British under the Treaty of Paris. The British renamed it "Grenada", one of many place-name anglicisations they made there

Legal Background

Grenada's Citizenship by Investment Programme allows individuals and their families to obtain citizenship or permanent residence. Applicants must apply through licensed agents, and may not make submissions to the Government on their own behalf.

The Citizenship by Investment Programme came into being in August 2013, when the Grenadian Parliament passed Act No. 15 of 2013, otherwise referred to as the 'Grenada Citizenship by Investment Act, 2013.' The stated objective of the Act is to "enable persons to acquire permanent residence and citizenship of Grenada by registration following investment in Grenada.

The Grenada Citizenship by Investment Committee (CBIC) is the Government body responsible for overseeing the processing of applications for citizenship by investment or by permanent residence. The CBIC assesses each application in accordance with the Grenada Citizenship by Investment Act, 2013. It then makes recommendations to the Minister, who has the final say on whether to approve, deny, or delay the granting of Grenadian citizenship.

Applications for Citizenship by Investment will be approved within 60 business days of submission (subject to a satisfactory due diligence check and the funds being received). You may apply for a passport shortly after. Passports are issued within days of the request.

All Grenadian passports are valid for five years and are recognized over 144 countries and territories as of 2021

NUTMEG

GRENADA

Grenada is the world's second largest producer of nutmeg. ... Inside the shell is a single glossy brown, oily seed — the nutmeg.

The use of nutmeg in traditional folk medicine is well documented. In India, Hindu physicians once used nutmeg to cure headaches, fever, bad breath, and intestinal disorders. In Arabian medical writings, nutmeg was touted as an aphrodisiac and a remedy for kidney and stomach ailments. Nutmeg oil, which is extracted from the fixed fat, is used in Grenada to relieve the pain associated with arthritis.

Commercially, nutmegs are utilised in the manufacture of perfumes, soaps and shampoos. A large portion of Grenada's nutmegs is used in the meat packing industry of Scandinavia to flavour various types of sausages. Nutmeg is also an ingredient in inhalants and liniments which are used to relieve congestion caused by influenza and colds. The use of nutmeg in traditional folk medicine is well documented.

WHAT MAKES GRENADA STAND OUT

GRENADA CBI MIGHT BE YOUR LUCKY FORTUNE COOKIE

THIS IS WHAT MAKES GRENADA STAND OUT FROM THE REST OF THE CBI CROWD

Grenada is a pretty unique citizenship by investment program in the island. What makes Grenada different standing out from other CBI programs in the Caribbean?

1. Grenada History

About 38 million years ago, in the Eocene era, the area of what is nowadays Grenada emerged from a shallow sea as a submarine volcano.

Today, volcanic activity has been non-existent, except for some of its hot springs. The earliest human settlement in Grenada goes back to beginning ~3600 BC. In 1498, Christopher Columbus sighted Grenada and named it "La Concepción" in honour of the Virgin Mary. The origin of the name "Grenada" is unknown, but it is likely that Spanish sailors named the island for the Andalusian city of Granada.

2. Isle of Spice

Grenada is also known as the "Island of Spice" due to its production of nutmeg and mace crops. The island has an array of spices, including cinnamon, cloves, turmeric and saffron.

E-2 visas are cheaper, faster and easier to apply compared to the EB-5 immigrant investor program (\$900K). To qualify for E-2 visa, first you must be a national of a country which has a treaty. Here is a list of countries that have no E-2 treaty has also contributed to the demand for investments in five star hotels and resorts.

It is important that Grenada is the only CBI program has this visa waiver perk with China (no other Caribbean CIP has this). The friendly relations between the People's Republic of China and Grenada grew steadily since 2013. The two countries maintained high-level exchanges and deepened political mutual trust. Grenada has mutual treaty on criminal cooperation and extraditions. Both countries have diplomatic representations.

Grenada is a part of Caribbean community of member states, issues Caricom passports to its citizens, who benefit from free movement with the states.

What is E-2 Investor Visa?

Learn the benefits of E-2 visas when compared to Eb-5 Green card

What is E-2 visa?

E-2 visa is a non-immigrant investment visa issued by United States. In recent years, E-2 visas became more popular than EB-5, because this visa is cheaper, faster and only low investment required (\$100,000 minimum but at least \$200,000 recommended). You must also create 5 jobs without which it is impossible to create jobs.

What are E-2 visa benefits from EB-5?

How to use Citizenship by investment to get E-2 visa?

If you come from any of these non-E2 countries above the only way you will be eligible for E-2 visa is to use Citizenship by investment programs. Once you become a CBI citizen, you can file for E-2 visa at any US consulate, where you are resident or citizen of. E-2 visas are issued for maximum of 2 years with extensions.

Which is the cheapest CBI + E2 visa route?

Of all these Grenada is the cheapest route. You are looking at total costs about \$275,000 for Grenada passport (\$175K) and E-2 visa investment (\$100K). There are also US attorney costs.

Q&A

Does Grenada accept polygamous marriage to include all of his wives on his application?

Grenada does not recognise polygamous marriages, and as such, applicants with multiple wives must select one wife to include as the spouse on the application.

What is the age requirement for children to be included on a citizenship application?

Children on family applications must be less than 30 years old, unless they are physically or mentally challenged, living with and fully supported by the main applicant, or his or her spouse.

Will a child, who is nearing his/her thirtieth birthday or who will turn thirty during the processing of the citizenship application qualify for inclusion on his/her parent's application?

As long as a child is 29 at the time the citizenship application is submitted to the CBIU, he/she will still be processed for citizenship. Can a married child of an applicant, who meets the age requirement, qualify as a dependant on the applicant's citizenship application? A married child cannot be included on his/her parent's citizenship application.

Can children of the applicant, who have children of their own, qualify as dependants on the applicant's citizenship application?

Children included on their parent's citizenship applications, must be single/unmarried, without children, and below the age of 30.

What is the age requirement for parents/grandparents to be included on family applications?

In Grenada parents/grandparents of any age can be included on family applications.

Can the parents/grandparents of the main applicant's spouse be included in the application?

Yes. The parents/grandparents of the main applicant's spouse can be included in the application.

Q&A

Must children be enrolled in school to qualify as dependants on a citizenship application?

Children are no longer required to be enrolled in school to qualify for inclusion on a parent's citizenship application.

Can an employed child be considered a dependant on an application? Children, who are gainfully employed, cannot be included as dependants on their parent's citizenship application. Exceptions are made for children, whose jobs still require a level of dependency on their parents.

Can children from multiple marriages be included by the main applicant on his/her application?

Yes. Children of the main applicant and his/her spouse, who come from previous relationships or marriages can be included on family applications. However, whenever a child from a previous marriage is under age 18, an affidavit of consent from the ex-spouse, as well as a notarised copy of a photo ID from the ex-spouse is required for the child to be processed for citizenship.

Does a parent with full custody of his/her child require approval from the ex-spouse to apply for Grenadian citizenship for the child?

A parent, who has full custody of his/her child does not need to obtain an affidavit of consent from his/her ex-spouse.

What criteria must a sibling meet to qualify as a dependant on a citizenship application?

Siblings may be included on citizenship applications if they are 18 years or older, single, and without children.

Do siblings of the main applicant's spouse qualify for inclusion on the citizenship application?

Siblings of the main applicant's spouse, who are 18 years or older, single, and without children can also be included on the citizenship application.
