How can I become a citizen of Dominica?

Once you decide to become a citizen of Dominica, the process is efficient, straightforward and can be completed with support from your Authorised Agent. The CBIU, the Government department responsible for the execution of the Programme, has licensed a number of agents to support you through this process.

STEP 1

Choose the investment option that is right for you. An applicant has two options for investment in order to gain citizenship. One is a non-refundable contribution to the Government's Economic Diversification Fund. The other is by investing in a pre-approved real estate development.

STEP 2

Contact a qualified and trusted advisor to assist you in the submission of your application. A full list of Authorised Agents is available on our website.

STEP 3

Gather the required forms and documents. There is no requirement to travel to Dominica.

STEP 4

Once your Authorised Agent is confident that your application fulfils all the requirements, your application will be submitted to the CBIU.

STEP 5

The CBIU will begin processing your application. During this time, a third party due diligence agency will perform stringent background checks on the information you have provided.

All applicants sixteen years of age or over will be required to attend a mandatory interview.

STEP 6

If the CBIU is satisfied that your application fulfils all the criteria, it will submit your application to the Minister for Finance/ Citizenship for review and final approval.

STEP 7

If successful, you will receive a letter informing you that your application has been approved in principle. Successful applicants often receive approvals 90 days from submission.

STEP 8

At this point, you must make the relevant contribution to the Government of Dominica, or deposit the minimum real estate investment into a designated escrow account.

STEP 9

You are issued with a certificate of naturalisation indicating that you have become a citizen of the Commonwealth of Dominica.

STEP 10

In a separate process, your Authorised Agent may then apply for your passport.

Congratulations and welcome to The Investment Destination!

This option involves a one-time, non-refundable contribution to the Government. Starting from **USD 100,000**, this method allows applicants to play a major role in forging Dominica's future. In the past, EDF contributions have enabled Dominica to better support its communities with key infrastructure projects and lead the nation to more sustainable outcomes.

What it means to be Dominican

Warm in climate, warm in culture

The small island-nation of Dominica is home to approximately 73,500 citizens who are considered some of the warmest, most resilient, and resourceful people in the world. Known as the 'Nature Isle of the Caribbean' for its Eden-like environment of lush rainforests, the island's focus on sustainability is evident in all aspects of life. From the UNESCO World Heritage Site of Morne Trois Pitons National Park, to the development of a geothermal plant, Dominica's ethos is to protect and preserve its untainted and unparalleled natural beauty, while planning toward a green future.

Be part of the world's first climate resilient nation

Dominica's Government has recently committed to building the world's first climate resilient nation, calling on investors around the world to assist in the development of sustainable and robust industries and infrastructure. This is an exclusive opportunity to implement the latest technologies and developmental approaches. Dominica will be at the forefront of the fight against climate change.

Opportunities to invest in eco-tourism

Dominicans are proud to share the 'Nature Isle of the Caribbean' with the world and are committed to the preservation of its unique flora and fauna. As the island is popular with outdoor enthusiasts and those seeking a healthy retreat from an urbanised lifestyle, there are strong opportunities to invest, and partake in, an emerging eco-tourism industry.
