CITIZENSHIP BY INVESTMENT IN GRENADA

Grenada's Citizenship by Investment Program is one of the most sought-after in the world due to the host of unique benefits involved. The Program permits dual Caribbean CBI Program that allows citizens the opportunity to participate in the US E-2 Program.

Specifically designed to cater to families, the Program allows the main applicant's wider family to be included in the application. This covers the applicant's siblings (unmarried and without children), spouse, children (below the age of 30 – with no educational requirement), and parents.

Range Developments is the most successful developer of luxury hospitality projects in the Caribbean under Citizenship by Investment programmes and offers a unique opportunity to gain Grenadian citizenship by investing USD 220,000 into a government-approved luxury 5-star hotel. THE LOCATION | GRENADA

Grenada is located at the Southern end of the Grenadines island chain. With a distinct charm only found in the West Indies, it's made up of 1 large island and 6 smaller ones. One of the first things that strikes you is how vibrant the colours are here: the hodgepodge of bright buildings in the capital of St George's, the azure seas, white beaches and green forests, the colour chart of darting fish and corals beneath the turquoise water surface.

Almost half covered in rainforests, the volcanic terrain sees mountains and waterfalls filling the centre of the main island, with crater lakes at the foothills, and warm waves lapping the shorelines against sun-kissed beaches. There are a wealth of things to discover in Grenada and an array of ways to immerse yourself in the culture.
