Two investment channels, a wealth of opportunity

To obtain citizenship of the Commonwealth of Dominica, you must choose how you wish to contribute to the nation's future. There are two ways you can invest:

✔ The Economic Diversification Fund (EDF)

This option involves a one-time, non-refundable contribution to the Government. Starting from **USD 200,000**, this method allows applicants to play a major role in forging Dominica's future. In the past, EDF contributions have enabled Dominica to better support its communities with key infrastructure projects and lead the nation to more sustainable outcomes.

	Single applicant	USD 200,000
	Main applicant and up to three dependants	USD 250,000
	For any additional dependant under the age of eighteen	USD 25,000
	For any additional dependant eighteen years of age or older	USD 40,000

Guidance on payments for the EDF Route

The applicant is responsible for paying the **full minimum contribution amount** required under the laws and regulations that govern the Dominica Citizenship by Investment Programme.

Therefore, when making the payment via bank transfer, the applicant must also pay any applicable **bank charges**, so that the contribution amount is received by the Government in full.

Full minimum contribution amounts are expressed in United States dollars (USD).

✓ Investing in pre-approved real estate

Under this option, with an investment of **USD 200,000**, applicants have the opportunity to own a piece of Dominica's prime real estate developments. Realising the island's potential as a destination for eco-tourism, world-class brands such as Hilton's Curio, the Marriott, and the Kempinski are all offering strong investment opportunities.

The Commonwealth of Dominica is home to one of the world's best-rated Citizenship by Investment programmes. Established in 1993, the Programme offers globally renowned brands as part of its approved real estate investment offering.

This brochure explores the real estate investment option, including the benefits, investment costs and fees, how to apply, and a comprehensive list of all available properties or developments.

Introduction to Dominica

Known as “The Nature Isle of the Caribbean”, Dominica is one of the most beautiful islands on the planet. Sitting halfway along the Eastern Caribbean archipelago, Dominica is located just a few miles from Martinique to the south and Guadeloupe to the north. Stretching 751 km (290 square miles), the island boasts 148 km (91 miles) of uninterrupted coastline.

Dominica’s official name is the Commonwealth of Dominica, further distinguishing the island from the Dominican Republic, its northerly Caribbean sister.

A tropical paradise, with rugged, volcanic mountains, Dominica’s landscape boasts everything from waterfalls to mud ponds, as well as an array of exotic fauna. It’s no wonder that the country attracts hundreds of thousands of visitors a year.

As such, it makes sense that so many people want to take up permanent residence on this idyllic island, which is where the Dominica Citizenship by Investment (CBI) Programme can help. Launched in 1993 — making it one of the world’s longest-running economic citizenship programmes — it allows investors to move, work, and even set up a business in Dominica.

The Programme has been ranked as the number one CBI initiative for six consecutive years by the CBI Index, published by the Financial Times Professional Wealth Management (PWM) magazine.

Government-backed property developments offer unique opportunities such as investing in hotels and luxury resorts. As part of the Citizenship by Investment programme, selected properties must be held for a minimum of three years and must be purchased for a minimum of US\$200,000.

The Benefits

For those who meet Dominica's Programme requirements, the idyllic Caribbean island offers one of the best standards of living in the region. Dominica is politically and economically stable, with a low crime rate and rich investment opportunities. Other benefits include:

- Full residence status — including working rights

- Minimal taxation, with no wealth, gift, inheritance, foreign income, or capital gains tax
- The ability to hold multiple citizenships
- Knowing that you have personally contributed to the prosperity of a peaceful, welcoming country, which you can call home for life

The Investment

To qualify for Dominican citizenship under the real estate investment option, you must purchase authorised property worth at least **US\$200,000** for the main applicant and any number of qualifying dependants.

Real estate must be held for either three years from the date your citizenship is granted or, if the future purchaser is also a citizenship by investment applicant, five years from the date your citizenship is granted.

If your application for Dominican citizenship by real estate investment is approved, the following government fees also apply:

- Main applicant - **US\$75 000**
- Main applicant and up to three dependants - **US\$100,000**
- Any additional dependant under the age of eighteen - **US\$25,000**
- Any additional qualified dependant eighteen years old or older - **US\$40,000**

In addition to the capital required for Dominican real estate investment, the following fees are also applicable:

- Processing fees – **US\$1,000** per application
- Due diligence fees – **US\$7,500** for the main applicant, **US\$4,000** for a spouse and **US\$4,000** for any dependants aged 16 or above
- Interview fees – **US\$1,000** per interview

In some cases, additional due diligence fees may be required depending on current citizenship status, and other personal circumstances:

- Certificate of naturalisation fee – **US\$500** per person

Application Process

The Dominica Citizenship by Investment Unit (CBIU) has streamlined the application process into five straightforward steps. From submission of the application to an approval in principle, applicants are generally expected to wait three months.

STEP 1

Applicants interested in investing in the real estate option must choose from the list of pre-approved real estate projects.

STEP 2

Applicants must choose an Authorised Agent or an official promoter listed on the official CBIU website that will help them through the whole process. Authorised Agents will assist with the documentation and act as a go-between them and the CBI Unit.

STEP 3

The Authorised Agent will submit the application after the due diligence fees are paid. The application will undergo a multi-tiered due diligence processes.

STEP 4

If the application is approved in principle, it is time to make the investment. The transaction occurs between the investor and the real estate developer in the form of a purchase and sale agreement. The applicant must also pay government fees.

STEP 5

At this stage, applicants will receive their Dominican citizenship. Thereafter, they will be able to apply for their new passport.
